

PRODUCT CERTIFICATION

Indonesian National Standard (SNI)

End-to-end support to obtain your SPPT-SNI (certificate to use the SNI mark) – from choosing the right scheme, factory audit and testing through to certificate issuance.

What we handle

Scheme & HS Analysis

We confirm whether your product falls under mandatory SNI and which certification scheme applies.

Product Testing

Sampling and testing coordinated with KAN-accredited laboratories.

Factory Audit

Preparation and on-site support for the quality-system audit, in Indonesia or abroad.

Issuance & Surveillance

We follow the SPPT-SNI through to issuance and handle periodic surveillance.

Documents required

- ☐ Company NIB (and importer identification number for importers)
- ☐ Trademark certificate or proof of filing
- ☐ Technical specifications and product model list
- ☐ Factory quality-system certificate (e.g. ISO 9001)
- ☐ Production process flow chart
- ☐ Letter of appointment from the manufacturer (for importers)
- ☐ Product and label photos

General process

1

Consultation & Scheme

Identify the product, HS code, SNI standard and certification scheme.

1–3 days

2	Document Preparation Company legal documents, trademark, technical specs, model list and quality-system documents.	1-2 weeks
